## EXPERIENCE

**Apple Cider Studios**, Nottingham, NH

**November 2022 – Present**

*Owner, Lead Game Designer, Modeler, Environment Artist*

- My studio is contracted by companies to make various assets for them.
- We contracted with the crossbow company Wyvern Creations to make a VR hunting game to advertise their products, its release date is expected to be January 2024. The biggest crossbow manufacturers are allowing us to use their products in the game.
- I am working along a team of six to bring the game to life, I make sure all aspects of the project is going as planned
- I am the modeler and environment artist for the game.

**Higheffect Web Design** | Nottingham, NH

**July 2022 – August 2022**

*Web Developer*

- Design companies websites to fit their brand identity and increase their business.
- Use composition, color, effects, and SEO techniques to make top-notch websites

**Pegasystems**, Cambridge, MA

**March 2022 – April 2022**

*Contract Environment Layout Artist*

- Made 3 virtual environments that were displayed on an XR Wall for the PegaWorld Inspire 2022 event.
